

**OUR RESPONSE MATTERS**  
**WE MAKE SGSECURE**  
**BE AN SGSECURE RESPONDER**

**Anyone can be a Responder if you are willing to play your part in any of these roles.**

The terrorism threat to Singapore remains high, stemming from global terrorist groups; self-radicalised individuals influenced by extremist materials online; and emergent threats such as far-right extremism. As an open and diverse society, external events can also influence individuals in our society to undertake violence here or abroad.

**THE COMMUNITY PLAYS A CRITICAL ROLE IN OUR FIGHT AGAINST TERRORISM. JOIN US AS AN **SGSECURE RESPONDER** BY **STAYING ALERT**, **STAYING UNITED**, AND **STAYING STRONG** AGAINST THE TERRORISM THREAT.**

**OUR RESPONSE MATTERS. WE MAKE **SGSECURE**.**

 **STAYING ALERT**

Wherever you are, be alert and look out for suspicious items and behaviour in public places. Learn to recognise signs of radicalisation amongst people around you. Early reporting prevents radicalised persons from harming themselves and others as the authorities could intervene in time.

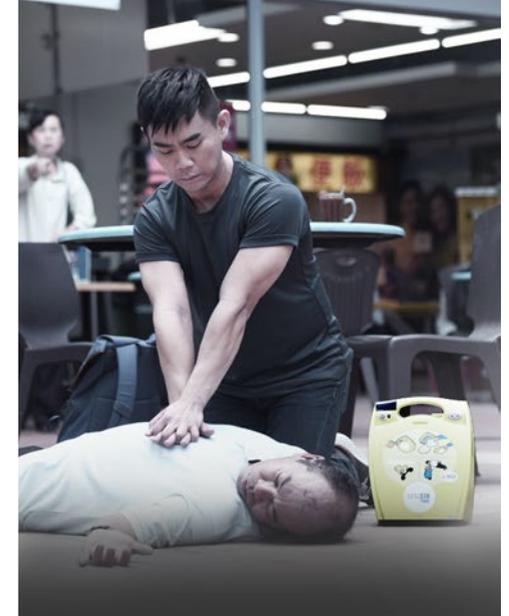

**REPORT ANYTHING SUSPICIOUS TO AUTHORITIES EARLY THROUGH THE “REPORT” FUNCTION IN THE **SGSECURE APP**.**

 **STAYING UNITED**

In the event of a terror attack or security incident, our collective response as a nation is critical. Keep calm and obtain latest information from official sources. Do not speculate or spread misinformation/disinformation, which could trigger more fear, panic or distrust in the community. Only share verified information from official sources.

**RECEIVE INFORMATION ON OVERSEAS AND LOCAL SECURITY AND PUBLIC ORDER RELATED INCIDENTS THROUGH THE “ALERT” FUNCTION IN THE **SGSECURE APP**.**

 **STAYING STRONG**

In cases of cardiac arrest and minor fire, timely response by those nearby can save lives. You will be alerted and can respond to these cases near you. With more people willing to step forward, we can minimise lives lost or damages.

No prior certification in life-saving skills is needed to give a hand, but being trained in them can better prepare you to deal with an emergency.

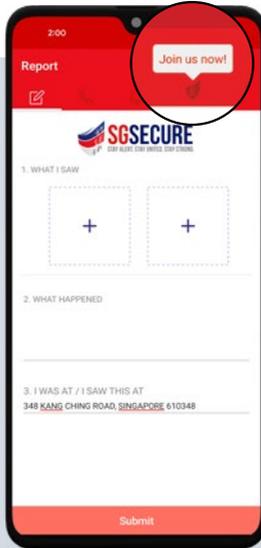

**VISIT [WWW.SGSECURE.GOV.SG](http://WWW.SGSECURE.GOV.SG) ON WHERE TO LEARN SKILLS SUCH AS CPR/AED, FIRST-AID, BASIC FIRE-FIGHTING OR PSYCHOLOGICAL FIRST AID.**

# BE AN **SGSECURE RESPONDER** IN JUST 3 SIMPLE STEPS!

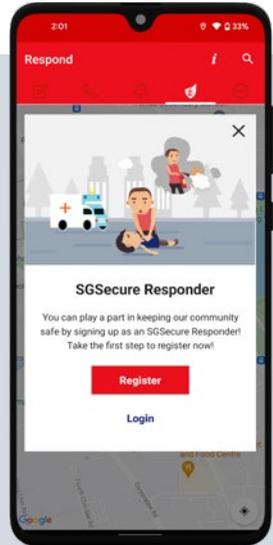

1

Allow location services **all the time** via your phone settings page to access the full functions of the app.

2

Click on the **“Respond”** tab. *(For iOS, this menu will appear at the bottom of your screen.)*

3

Click on **“Register”** for first-time users. Read the Terms of Use, complete your personal details and you are officially a Responder!

## DOWNLOAD THE **SGSECURE APP**

FOR ANDROID

FOR IOS
